

Hi Folks,

This is a reminder that we have our webinar on 'Cultivating Curiosity & Cultures of Care: Breeding Turnips & Beyond' presented by Petra from Fruition Seeds coming up tomorrow, May 3rd from 6-7 pm.

Description of webinar: As climates change in our world and in our hearts, how we co-adapt with plants will nourish our species beyond calories. With a deliciously diverse community turnip breeding project at the center, let's dive deeper into the possibilities of plant breeding together! This is both an invitation to grow our gardens as well as ourselves.
